NOTES

(1) Minor separations in multiples and sheets are to be expected in older issues; a few open parts do not adversely affect value and do not constitute reason for return.

COVID-19 Update

At the time of catalog production we are still under statewide restrictions which prevent us from having in-person attendance at our auctions. The auction has been moved to a live online auction on Stamp Auction Network. Please stay tuned to your email as well as our Facebook and Instagram pages for any changes in these restrictions.

We have been working extremely hard to add more photos and videos of as many of the lots as we can. We will also give buyers the opportunity to have expanded descriptions and video viewing so that, even from a distance, they can bid with confidence.

During these changing times we are doing our best to bring the hobby to collectors and give sellers an outlet to sell product. We will continue to adapt as we find new ways to serve both. Thank you for your continued support over the years and during this time.

Catalog Values

Values are taken from the latest catalogs available. For the November auction the 2021 Scott Vol. 1-5 and 2020 Vol 6 & Specialized have been used unless otherwise indicated. For U.S. singles and sets with graded certs, values are from the U.S. Specialized section by grade.
